

Dear presenting author,

Please be aware that your presentation for the SLAM session should adhere to the following guidelines. The presentation should be **no longer than 4 slides** + one title page. Please make your presentation in Microsoft Powerpoint in the widescreen format (16:9). **Please do not use film- or audio clips in your presentation**, you can use Powerpoint-animations at your own risk.

You will be given **3 minutes** to present your work, please adhere to this timeframe strictly. There are two minutes for discussion after your presentation, the chairs will be very strict.

Keep in mind:

- Presentations (including discussion) will be in English
- The screens are not very big, so please refrain from small text or overly filled slides
- Please name your file as follows: last name_initials.ppt, e.g. Jansen_AK.ppt
- The chairs will select the best presentation from each SLAM session. These nominees will present their work at the end of the day during the SLAM battle in the main auditorium. The winner of this SLAM battle will receive a great reward.

Please send us your presentation in Microsoft Powerpoint format, without any film or audio clips, before **January 29th 2020** to aks@amc.uva.nl. We will make sure your presentation is at the right session during the conference.

Good luck with the preparations for your presentation and we will gladly see you February 6th at AKS 2020.

Best wishes,

Amsterdam Kindersymposium committee 2020
